

Eligible Gas Hot Water Systems

The below table lists gas hot water systems that have achieved the equivalent or greater than 5 star energy rating when tested in accordance with Australian Standard 4552.

Manufacturers	Appliances	Star Rating	Continuous Flow/Storage
Dux Hot Water www.dux.com.au	Prodigy 330T High Efficiency Gas Storage Water Heater	5.0	storage
	Prodigy 360T High Efficiency Gas Storage Water Heater	5.0	storage
	Endurance Plus 16P, 20P, 26P Gas continuous flow water heater	5.0	continuous flow
	Endurance Premium 26A Gas Continuous Flow Water Heater	5.0	continuous flow
Rinnai Australia www.rinnai.com.au	Infinity 32	5.3	continuous flow
	Infinity 16	5.5	continuous flow
	Infinity 20	5.0	continuous flow
	Infinity 26	5.2	continuous flow
	Infinity 26 Internal	5.0	continuous flow
	V1500	5.0	continuous flow
	V1200	5.5	continuous flow
Bosch Australia www.bosch.com.au	Bosch 17e (YS1770RA)	5.66	continuous flow
	Bosch 21e (YS2170RA)	5.56	continuous flow
	Bosch 26e (YS2670RA)	5.53	continuous flow

	Bosch 10H (TF250-8G)	5.1	continuous flow
	Bosch 16H (TF400-8G)	5.0	continuous flow
Rheem Australia www.rheem.com.au	*Integrity 871018	5.1	continuous flow
	Integrity 871020	5.1	continuous flow
	*Integrity 871024	5.1	continuous flow
	*Integrity 871026 (*preset Max 50C Models available)	5.1	continuous flow
	Stellar 850330	5.0	storage
	Stellar 880360	5.0	storage
Aqua-Max Pty. Ltd. www.aquamax.com.au	AquaMAX 390 Stainless steel high efficiency gas storage water heater	5.1	storage
	AquaMAX 340 Stainless steel high efficiency gas storage water heater	5.1	storage
	AquaMAX 440 Stainless Steel high efficiency gas storage water heater	5.0	storage
	AquaMAX 135 High efficiency gas storage water heater	5.0	storage
	AquaMAX 300 High efficiency gas storage water heater	5.0	storage
